The details make the experience.

Sound & performance

Professional live sound, powered speakers, floor monitors, multiple wireless microphones, audio mixing, and sound engineering.

Screens & atmosphere

TVs, monitors, projectors, and lyric displays as needed. Stage and atmospheric lighting; fog effects upon request.

People & flow

KJ/DJ/emcee hosting, karaoke software, singer queue management, event coordination, and planning.

From arrival to last song

Setup and teardown, a considered stage footprint, and sound levels suited to the venue and environment.

> Indicative rates in USD, not a binding quote. Equipment, staffing, travel, venue requirements, and production scope determine the final proposal. TPV focuses on events with budgets suited to professional production; equipment-only options may suit smaller plans.

Let's make your event sound incredible.
